

AT MUKDEN

Big Battle Between Japs and Russians Imminent

Enormous Forces are Expected to Clash Today or Tomorrow

In All Probability it Will be Even More Severe Than the Great Fight at Liao Yang—Outpost Engagements Now Going On.

London, Sept. 17.—The battle of Mukden is imminent and may have already begun.

The Japanese have brought up all their forces with the exception of a garrison from Liao Yang and they are said to be gradually drawing in their lines. Outpost engagements are now said to be in progress all along the line and the natural inference is that a general engagement is set for today or tomorrow.

A dispatch received from Tokio this afternoon states that the Japanese advance now confronts the Russian outer line and that an advance has begun.

The battle of Mukden, or Tien Ling Pass at one of which places it will occur, will, in all probabilities be even more severe than the one at Liao Yang.

Enormous forces will clash here as did in the former fight. Then too, there is more at stake for this fight than there was at Liao Yang. The Japanese under Oyama are desirous of preventing a retreating on Harbin and thus make definite their victory for the campaign. Russia is equally determined to make a stand here and effectually stop the victorious onward march of Oyama's forces. The Japanese force will consist of well seasoned fighters. The reported calling out of reserves indicates that Japan is fully determined to continue the campaign through the winter season without abatement. It is said that within the next month the Mikado's forces in the field will be swelled by the addition of 120,000 veterans.

Kuropatkin's forces too, are being constantly enlarged by reinforcements which are being hurried from Harbin.

EASTERN WAR MAY SOON END IT IS ALLEGED

Russo-Japanese Alliance May Result.

Continuance of the War Means Ruin to Both Countries—China Wants No Battle at Mukden.

London Sept. 17.—From Mukden the correspondent of the Daily Mail telegraphs: "On instructions from Peking the Chinese government has made representations politely requesting both armies not to fight at Mukden owing to the danger of the demolition of sacred tombs. No response has been received."

"Rich merchants here are preparing to escape to Simintin. There is a shortage of rice here."

The Daily Mail's correspondent at Shanghai reports that the Japanese scheme to raise a first national army of men from 22 to 40 years of age, a majority of whom have previously served with the colors, will provide a total strength of 120,000 men, who will be ready for service within a month.

The Daily Telegraph's St. Petersburg correspondent declares that a Russian statesman, whose name, it is revealed, would wing his utterances with lightning rapidity over the globe, asserted Friday that it was his impression that the war might end sooner than the people imagine, not through mediation, but through mutual recognition of the ruinous nature of the conflict which would lead to negotiations that would result in a Russo-Japanese alliance. He contended, the correspondent says, that although Russia in the end would exhaust and crush Japan, yet Japan could hold out long enough to place an intolerable and useless strain upon Russia. Russia, therefore, was confronted with the alternative of either Japan's ruin purchased by ruinous sacrifices, or of a treaty of cordial friendship, followed in the fullness of time by that offensive and defensive

alliance which for years constituted the ideal of the Japanese government.

Russia's Position on Contraband.
St. Petersburg, Sept. 17.—Russia, in Count Lamsdorf's response to Ambassador Harding, in principle meets the views of the American and British governments regarding foodstuffs and coal and other fuel as being conditional contraband of war, distinctly placing them in the category of articles susceptible of uses both in war and peace, and as such only confiscable when consigned to blockaded ports or destined for the military or naval forces of the enemy. Shipments in the ordinary course of trade by private persons or firms, even to an enemy's port, may be considered prima facie not contraband; but upon this point distinct reservation is made. The simple fact of consignment by private persons does not preclude the possibility that the articles are not ultimately destined for belligerent forces, and Russia insists that it be not necessarily regarded as conclusive evidence of the innocent character of the goods. In other words, irregular ship's papers or other suspicious circumstances might vitiate the assumption of innocent character; but where such suspicion is raised the burden of proof to warrant legal seizure is to rest upon the captor.

Movements of Russian Cruisers.
Zanzibar, Sept. 17.—The Russian cruisers Smolensk and St. Petersburg have left Dar-Es-Salam. It is believed they proceeded southward. The Smolensk and St. Petersburg of the Russian volunteer fleet reached Zanzibar on Sept. 9 and were there given the orders of the Russian government to desist from interfering with neutral shipping. Subsequently, in company with a German collier, the cruisers proceeded to Dar-Es-Salam, a port 25 miles south of Zanzibar.

What Japanese Minister Said.
London, Sept. 17.—Baron Hayashi, the Japanese minister here, was questioned by the Pall Mall Gazette regarding the alleged interview with him which was telegraphed to Paris by the London correspondent of the Matin. Baron Hayashi wrote out the following statement: "The Matin correspondent interviewed me yesterday. I have only told him 'Japan will fight, as she is compelled to do so, as long as Russia fights.' I have said nothing else."

Threatening Kuropatkin's Flanks.
St. Petersburg, Sept. 17.—The war office has heard the report of an apparent Japanese concentration against the flanks of General Kuropatkin's army preparatory to an advance toward Mukden. While it is not in a position to absolutely confirm or deny the report, it would surprise the war office should Field Marshal Oyama have been able in such a short time to organize his forces for a serious advance northward.

Lena Taken to Mare Island.
San Francisco, Sept. 17.—The board of inspection appointed by Rear Admiral Goodrich has completed its inspection of the Lena's boilers and machinery. As their report has not yet been officially considered at Washington, the findings of the engineers have not been made public here. The Lena was taken to Mare Island navy yard under escort of the United States cruiser Marblehead.

Russians Search British Ship.
Constantinople, Sept. 17.—The British steamship Margit Groedel, with a cargo of coal from Cardiff for Sulina, reports that she was stopped by the Russian cruiser Terek on Sept. 6 off Cape St. Vincent. The Terek fired three blank shots to bring the steamship about. Two Russian officers and two armed men boarded the Margit Groedel and overhauled her papers. The captain of the Margit Groedel was asked to sign a declaration that he had not been put to any inconvenience by the delay. One of the Russian officers informed the captain that there were nine other Russian cruisers in the vicinity.

Outpost Attacks Repulsed.
St. Petersburg, Sept. 17.—A dispatch from Mukden says the Russian patrols, up to the present time, have repulsed all Japanese outpost attacks, and that communications with Simintin (Continued on page 6, first col)

MEN GUARDED BY MILITIA IN COURT ROOM

Hill and Riggins Given a Hearing.

Judge Speake Characterizes the Speech of One of the Lawyers as Incendiary.

Huntville, Ala., Sept. 17.—Guarded by squads of militia, Thomas Riggins and Ben Hill were marched into the circuit court room and given a preliminary hearing. The scene was such as has not been witnessed here since the "reconstruction period," as such a thing as soldiers in a civil court room has not been seen since the days of the civil war. Riggins' trial will take place Sept. 26 and Hill's Sept. 21. A special jury has been ordered for each occasion.

Attorney Lawrence Cooper for Mr. Riggins created somewhat of a sensation when, in addressing the court, he questioned the constitutionality of the act allowing soldiers in a civil court room. He made an impassioned speech against the presence of the militia.

Solicitor Pettus replied to Mr. Cooper with the statement that the militia were not aliens, but citizens of Alabama, and sent here by their governor to maintain the laws of the state.

Judge Speake characterized Mr. Cooper's speech as incendiary, and reminded the attorney that what he said was liable to arouse the passions of the public. Judge Speake assumed responsibility for the presence of the militia.

The grand jury returned nine other true bills against alleged members of the mob. This makes 19 indictments.

Youth Charged With Forgery.

New York, Sept. 17.—Charged with forgery and the embezzlement of sums amounting to \$25,000, Frank O'Donnell, 18, was arrested at the Brighton Beach race track upon the complaint of Floyd Jones, a lawyer, in whose office he was employed until a few days ago. Young O'Donnell was found by the police to be doing a good business as a bookmaker, having in his employ half a dozen sheet writers and runners. He had been missing from Floyd Jones' office since Sept. 7. He is charged with raising his salary checks and altering figures in the books of an estate with which he had to do in the office of his employer.

Suspects Arrested.

Des Moines, Ia., Sept. 17.—Two men, believed to be members of the gang of train bandits who held up the Rock Island express, were arrested between Brighton and Wayland. The men were with the five men partially surrounded in a haystack at Wingfield. They will be held for identification.

St. Louis Day at the Fair.

St. Louis, Sept. 17.—The exact attendance at the world's fair grounds on St. Louis day has not been officially announced, although it was unofficially given out by the exposition management that 404,450 admissions were recorded.

"UNCLE JOE" CANNON

Sees Democratic Victory Ahead if the Republicans Do Not Hustle.

Chicago, Sept. 17.—From no less an authority than "Uncle Joe" Cannon comes confirmation of the report that the Democrats have been and now are very active in various parts of Illinois, Indiana and Nebraska in stirring up the voters in industrial centers.

Speaker Cannon has been traveling through this region. His report is opposed to the general Republican notion that the Democrats are asleep.

"Uncle Joe" has read the riot act to both state and national managers. He arrived in the city Thursday and had a long talk with Chairman West, of the State committee.

He saw the national managers at the Auditorium and then had another long conference with the state managers. Marshal C. P. Hitch was called in afterward.

Marshal Hitch declined to be interviewed, but admitted that the Republican managers were worried over the aggressive work of the Democrats, and that Mr. Cannon had reported to that effect to the national and state managers.

Speaker Cannon naturally is particularly anxious over the Congressional districts. He has discovered that in Smith's, Rodenberger's and Williams' districts the activity threatens Republican defeat. But he believes that the national campaign is involved by the work being done in Indiana.

An appeal to discontent is the order which has gone out from New York. Every man who is out of work should vote the Democratic ticket is the belief of the Eastern managers; and every man who is discontented in any way and for any reason is the object of the new propaganda.

Mayor Harrison predicts that Illinois will go Democratic by 30,000 majority.

"SCRAP"

Among the Students at Purdue

FIFTY HURT AND FIVE ARE FATALITY INJURED

In Annual Class Rush Out at La Fayette, Ind.

NO ARRESTS ARE MADE AS YET

Sophomores Won the Battle and Marched the Freshmen to the City Early This Morning.

La Fayette, Ind., Sept. 17.—In the annual "tank scrap" at Purdue University last night fifty students were hurt and five will probably not recover. Those thought to be fatally hurt are:

Frank Haas, La Fayette, collar-bone broken, back thought to be broken and injured internally.

George Wright, arm broken and kicked in the stomach.

Fred McNeal, Tony Jacobs, Earl McCoy and Carl Chandler, injured internally and badly bruised. Jacobs may lose the sight of an eye.

The sophomores won the battle and marched the freshmen to the city this morning.

The sophomores appeared at the tank at midnight and were followed half an hour later by 500 freshmen.

The freshmen, marshalled by the seniors, attacked the sophomores and in the melee that followed, no one could tell who had the best of the argument. The freshmen filled their camp with sophs, but the second year men rallied and with a rush released the captives and broke down the defense of the freshmen. The sophomore numerals were painted on the tank and the class was declared the victor. The injured were carried away in ambulances and backs and the captured freshmen were tied to a chain and marched through the city cheering their captors who applied the paint brush to unwilling freshmen. It is an annual affair at Purdue. No arrests have been made.

TREATY

Between Great Britain and Tibet—China is Almost Certain to Ratify It.

London, Sept. 17.—The Times' Peking correspondent gives at great length the text of the draft of the treaty between Tibet and Great Britain, which has been sent to Peking by Amban (the Chinese representative at Lhasa), and which the correspondent believes to be practically identical with the treaty actually signed, which China is almost certain to ratify. It contains a preamble and 10 articles, the most important of which bind the Tibetans to establish three marts for mutual trading between British and Tibetan merchants; to allow traffic along existing routes and others which may be opened in future between India and Tibet; Tibet to pay an indemnity of \$2,500,000 in yearly installments. It is stipulated as security for the performance of the conditions of the treaty that British troops shall occupy the Chumtse valley for three years and until the indemnity is paid. One article provides that without Great Britain's consent no Tibetan territory shall be sold or leased to any foreign power, and no foreign power shall be permitted to concern itself with the affairs of Tibet or to construct roads, railways or telegraphs, or open mines in the country.

ENGLAND

Warned Against Complacency—Reported Agreement Reached By Germany and Russia.

London, Sept. 17.—The Spectator contains an article discussing the reported agreement between Russia and Germany concerning Kiaochow, saying it has every reason to believe the story is "based on facts." The Spectator warns Great Britain against complacency, in view of the possibility of France also being drawn into the understanding, in which case a situation might arise resembling the intervention which robbed Japan of Port Arthur. "Any such development might involve Great Britain in serious dangers, it believes her," the Spectator adds, "to endeavor to arrange an understanding with France."

JUDGE PARKER MEETS WITH THE LEADERS

Mr. Gorman is to Have An Important Place.

Stevenson is to Speak—Shaw Talks in Missouri—Political News of the Day.

New York, Sept. 17.—During the visit of Judge Parker to New York several important questions were settled in his conferences with the Democratic leaders. It was determined that Senator Gorman should have an active place in the campaign, but that Chairman Taggart was not to be persuaded. The conference of Tammany leaders with Judge Parker resulted in the settlement of differences in New York so far as they relate to the national and state issues.

The selection of a temporary chairman of the Democratic state convention, was made, and his name will be officially announced today. The governorship and other state offices were discussed, but it was stated that nothing definite as to the selection of candidates will be determined until next week at Saratoga.

Another matter left open is whether or not Judge Parker will make a series of speeches during the campaign. Other conferences similar to those already held will probably be held next week before Judge Parker's letter of acceptance is made public.

Pilgrimages of delegations to Esopus are being arranged by the national Democratic committee. The delegations will be addressed by Judge Parker.

Charles F. Murphy, the Tammany leader, was quoted with Judge Parker for a half hour, and had a second audience which lasted until the judge left for Esopus.

Judge Parker received about 80 members of the National Bankers' association in session here. There were no speeches. He left for Esopus.

Stevenson Will Speak.

Bloomington, Ill., Sept. 17.—Former Vice President Adlai E. Stevenson of this city has accepted an invitation from the national Democratic committee to make a number of speeches, and will take an active part in the presidential campaign. He will open the campaign in this city, and will deliver his first speech here the latter part of this month.

Secretary Shaw Speaks.

Springfield, Mo., Sept. 17.—Leslie M. Shaw, secretary of the treasury, addressed a large audience in this city. Secretary Shaw spoke for two hours defending the policy of the Republican party on the trust and money questions, the holding of the territory acquired from Spain, the tariff and the isthmian canal enterprise.

Senator Davis at Home.

Elkins, W. Va., Sept. 17.—Hon. Henry C. Davis has returned from his eastern trip. He was feeling well physically, but shows much worry over his son, John T. Davis, who is very ill with typhoid fever at Davis Memorial hospital. Senator Davis stopped at his private station and drove at once to Graceland.

JUDGE PARKER

As Pall Bearer Performs Sad Duty For Old Friend.

Esopus, N. Y., Sept. 17.—Judge Parker reached home at 9:15 o'clock last night. During his visit in New York the death of Dr. Jacob Chambers of Kingston, who was the Parker family physician, occurred. The judge was one of the pallbearers at the funeral services this afternoon.

TAKAHIRA

Inquiries of Secretary of State About Terms of Parole of the Lena's Crew.

Washington, Sept. 17.—Minister Takahira called upon Acting Secretary of State Adge to make inquiry as to the terms of the parole to be granted to the Russian crew of the Lena, in conformity with the president's decision. He was informed that the details of the parole would be arranged at San Francisco by Admirals Goodrich and McCalla, but generally that it was proposed to allow the men within the limits of the city of San Francisco.

Cattle Awards at St. Louis.

St. Louis, Sept. 17.—In a field of 28, the largest that has competed in any event at the world's fair cattle show, Fair Queen, a short-horn, owned by F. W. Bowen of Delphi, Ind., defeated all comers in the two and under three-year class for cows. Thomas W. Lawson's Figgs won the blue ribbon in the Jersey class in competition with the aged cows of the Vanderbilt, the Ladd estate and other noted herds of the country.

Vegetable gums found on trees are products of bacteria.

LOVERS SUICIDE

Double Tragedy This Morning at Zanesville, O.

Nellie Brill and James Bay are Now Together in Death.

Young Woman Mailed a Letter to Her Mother at New Concord Telling Why She and Bay Killed Themselves With a Pistol This Morning.

Zanesville, O., Sept. 17.—This morning, Miss Nellie Brill, known here as Nellie Geyer, and her lover, James Bay, committed suicide by shooting themselves.

Miss Brill, who was about 26 years old, was found at the home of Clem Parker, where she had rooms, with a bullet hole in her breast and two two hours later this morning, Bay was found in a dying condition at the residence of his sister, Mrs. Fred Pitts, on the North River road. It was reported that Bay had killed himself near Clay Lick, Licking county, but it was at his sister's home where he died.

About the same hour that the double suicide occurred, a letter was delivered to Mrs. L. E. Hardesty of New Concord, mother of the girl reading as follows:

"Friends: No doubt you will be surprised when you receive this, but it is nothing to me for it has been in my

mind ever since I was at home recently. I am tired of living and ready to go, so I die with Jim. I have lived for him and you don't like him. We take our lives tonight. My insurance is paid up. Pay my funeral expenses and don't take very much money for it. Tell Lawrence (Miss Brill's little son) to keep my watch and chain and divide the other things among you. Save the rest of the insurance for Lawrence. Tell all I said goodbye and don't worry about me. I guess this is all. Goodbye. NELLIE."

Bay was married but he never lived with his wife, who is at New Concord. He came here from Chandellerville and lived at the Arlington. Miss Brill was employed in a woolen mill. The two were lovers and were together last night until after midnight.

Miss Brill did not live to make a statement after she was found and as Bay entered his sister's home blood gushed from his mouth and he soon died.

MORTGAGE

For Twenty Five Millions Given By C. H. & D. Railroad—Four Per Cent Bonds.

Indianapolis, Sept. 17.—The largest mortgage ever filed in Marion county was recorded when the Cincinnati, Hamilton and Dayton Railroad company filed for record a refunding mortgage given for \$25,000,000 in favor of the United States Mortgage and Trust company, trustee. The instrument covers an issue of 4 per cent gold bonds due July 1, 1951.

Quarrelled Over Land Division.

Hazard, Ky., Sept. 17.—A report reached here from Jesse of the killing of Powell Logan by his brother-in-law, Eli Smith. The two had a dispute over the division of land.

NIAGARA

River Will Be Dry In About 3,500 Years—Change Constantly Taking Place.

Niagara Falls, N. Y., Sept. 17.—The International Geographic congress met here. Professor Gilbert of Brooklyn spoke on the formation of Niagara Falls and the gorge. He deprecated the use of the great water power of Niagara for utilitarian purposes, and expressed the hope that the natural beauty of the great cataract would ever be saved. Professor Gilbert's address was technical, but many things he said were of general interest. The American falls, he said, have receded much more slowly than once there is no great depth of water at the base of the fall. A picture taken of its threshold fall in 1827 was shown. There had been a remarkable recession in 75 years. At the end of the glacial period, he said, the land was tilted as a result of the retreat of the ice. If this tilting continues Lake Erie will in the course of time flow into the Gulf, and Niagara river will dry. This change would be wrought in perhaps 3,500 years.

Driver's Suicide.

Buffalo, N. Y., Sept. 17.—James Byron, aged 36, a driver at Niagara Falls, this morning jumped into the rapids before reaching the precipice. Byron reported to the visitors that, upon a few occasions, he had jumped into the rapids, that he was weary of life, and intended to go over the falls.

Prince Is Almost Gone.

Berlin, Sept. 17.—The physicians of Prince Herklot Bismarck at midnight declared that the death agony had begun, and that their illustrious patient would not survive beyond sunrise. The latest reports received are that a feeble ray of life still flickers.

Dogs are allowed to enter tramway cars in Berlin, but must be held in their master's laps and paid for as if they were human passengers.

REED SMOOT

Investigation Will Be Resumed as Soon as the Campaign is Over in November.

New York, Sept. 17.—Senator Burrows of Michigan, chairman of the senate committee on privileges and elections, while in New York on his way home from New England, said that he was going to notify the attorneys in the case of Senator Reed Smoot of Utah, whose right to a seat in the United States senate is being investigated, that the committee will resume the inquiry as soon as its members are relieved of work in the campaign. The question whether or not the committee will go to Utah depends upon the number of witnesses from that state.

ANNIVERSARY

Of Mexican Independence Fittingly Celebrated—A Gala Day in Mexico City.

City of Mexico, Sept. 17.—This city was gaily bedecked with the flags of all nations, the Mexican banner, of course, predominating. The occasion was the ninety-fourth anniversary of the achievement of independence by the Mexicans over the Spaniards. At dawn of day a salute was fired by a battery of artillery, followed by the ringing of chimes. A grand military pageant, reviewed by President Diaz and the members of his cabinet, the diplomatic corps and many other prominent personages, was the chief feature of the day's celebration. Many games and athletic sports were enjoyed by the vast multitudes. At night the entire city was ablaze with illuminations.

CONDENSED NEWS

A mysterious black weevil which bores into the blooms and bolls of cotton has appeared near Deeds, Ala. An armed band of 80 bandits has appeared in the village of Colimes, Ecuador, pillaging and destroying the telegraph lines.

AMUSEMENTS

Those who enjoy melo-drama of the clean and wholesome sort should not fail to attend the performance of "In the Shadow of the Gallows" which will be the attraction at the Auditorium Monday night, September 19. The play is a beautiful story of love, intrigue and hate, interwoven with a masterhand and points to a moral as old as civilization. It is told in such an interesting manner that it at once holds and charms the audience. The company is large and well balanced, and contains the names of many of the best known actors and actresses now appearing in melo-drama.

MONDAY, SEPTEMBER 19.
From sire to son the name of Jefferson and Rip Van Winkle will live for

generations to come as Thomas Jefferson is worthily thoroughly established as a worthy successor to his illustrious father. He gives such a splendid performance of that delightful old vagabond Rip, as only a Jefferson can give, that he can go on playing it for years for the theatre going public never tires of Rip and his dog Schneider. There is a wonderful resemblance between father and son, both on and off the stage. When he comes on the stage it seems as if the elder Jefferson himself were there. His voice is that of his father and his laugh recalls old associations with dear old Rip. Auditorium, September 26.

A new significance to the "yellow-box" tooth-brush. The "P. S." (Proprietary Special) has a flexible handle.

It wiggles; gets in everywhere, cleans out everything—surprises and satisfies.

Sizes—Adult's, Youth's, Child's—at all dealers. Always sold in the yellow box.

WHY YOU SHOULD INVEST IN WEST MAIN STREET ADDITION.
The city is now building up solid to West Main Street addition, and at the rate that it is now growing must shortly absorb it. It fronts on Granville car line and is only three blocks from city car line.
It is only a few minutes walk to the Jewett Car Works, the Fee Hardwood Mill, the Newark Gear Wood Company's works, The Wehrle Company plant, the Cement Works, and within a few minutes ride of the heart of the city.
It is just outside the city limits, which means no city taxes to pay.
It is an ideal spot for a home and a splendid place to invest your money.

WHY YOU SHOULD COME TO THE SALE.

Because if you are a homeseeker or an investor, it will be an opportunity to secure a lot in growing Newark at your own figure.
Because every person on the ground on the day of the sale will be given a chance for a drawing on a valuable building lot. It makes no difference whether you buy or not.
Because Col. J. C. Morrow, the most celebrated real estate auctioneer in the country, will cry the sale.
Because the Buckeye Band will be in attendance to furnish music throughout the afternoon.
Because a free car service will be provided to take you to and from the grounds.

TERMS — One-fourth cash, balance in 5, 12 and 18 months.

CONDITION

OF MISS GRACE ANDERSON IS IMPROVING.
Analysis of Whisky Has Not Yet Been Completed By Chemist East—Hearing Next Week.

The condition of Miss Grace Anderson, who is ill as a result of drinking drugged whisky, alleged to have been given her by Bessie Price, is somewhat improved, and Dr. J. N. Stone says that in his opinion she will continue to gradually get better and will finally completely recover. The young woman cannot yet collect her thoughts nor give any connected account of the affair.
Dr. B. M. East has not yet completed his analysis of the whisky. The hearing of Miss Price will take place in a few days.

Wise, Tom Schafer, and Master Clell Horn.

Many Newark People Present.
The names of hundreds of "home-comers" were printed in Friday's Zanesville papers. The long list of Newark people present shows in a measure the growth of Newark. Within the past few years many Zanesville people have taken up their residence in this thriving and growing city. The prediction is freely made that the next census will show Newark's population to be ahead of the Clay City.

According to the Giornale d'Italia the Pope has decided to purchase a motor car for use in the shady grove of the Vatican gardens in place of the traditional carriage drawn by funeral-looking horses.

A German physiologist points out that "dry smoking," in which care is taken not to moisten the end of the cigar held in the mouth, is less injurious than the "wet smoking" foolishly indulged in by many men.

Deafness Cannot be Cured.
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness cured by our method that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Send for Book about "Motherhood."
Are you to become a mother? If so, do you realize the great amount of suffering that most women are obliged to undergo, the pain they have to bear? If you couldn't do anything to relieve that pain would you not do it? You are a sensible woman and of course you would—then read carefully every word.
Mother's Friend
Is a liniment so potent that it will greatly lessen the suffering of any case of labor, no matter how difficult. With this liniment, Motherhood is a beautiful dream; without it, a nightmare. No more suffering, no more needless fears, but one peaceful ideal motherhood is yours if you will but open your eyes. For external use, safe to administer, and wonderful in results. A word to the wise: "Mother's Friend." All druggists sell it at \$1.00 per bottle. We send our book, "Motherhood," free, if you ask for it.

The Colorado Republican State convention endorsed every arbitrary and illegal act of Governor Peabody in closing mines for employing union workmen, the banishment of union men without trial and the deportation of duly elected public officials for no other cause than their sympathy for union labor. If the voters of Colorado do not turn such a set of despots out of power this fall, it will be because they actually prefer monarchial rule to a Republic. How can such a party feel labor by professing to be labor's friend?

The outcome of the New York Republican Convention is decidedly encouraging to the Democrats. The refusal of Elihu Root to take the nomination for Governor, because Roosevelt would not pledge himself not to be a candidate for a third Presidential term in 1908, made the Republican available timber scarce, and brought about a factional fight between the personal following of Senator Platt and Governor Odell which culminated in extreme bitterness and

ill feeling. The New York Sun, which is now the most influential newspaper supporting Roosevelt, has denounced Higgins, the nominee for Governor, so bitterly as to thoroughly discredit him in the minds of thousands of Republican and independent voters. The New York Democrats will hold their State convention September 22 and ordinary wisdom in its action will absolutely assure victory for the Democracy in advance.

The New York Herald, independent, in discussing Roosevelt's "ing stick" policy, pertinently asks the question: "Is Imperialism to take the place of constitutional democracy in America?"

BAD BLOOD

Between Ohio and National Republican Committees—Dick Controlled Speakers For Ohio Opening.

Columbus Sept. 17.—Bad blood continues to be exhibited between the Republican state organization and the national committee. Chairman Dick and Secretary Malloy have that organization under their thumbs, and in this campaign they are chiefly interested in demonstrating that fact to President Roosevelt and his satellite, National Chairman Cortelyou. Dick has been even willing to sacrifice some campaign contributions which he might have had from the national committee, if he had refrained from asserting his authority as boss of the Republican machine. Incident to this self-assertion was the snubbing of Uncle Joe Cannon and Secretary of the Treasury Shaw, who had been assigned to speak at the Republican opening at Warren, when Dick boldly announced that he wanted Taft. The result is that Taft will come and the others will remain away. It is pointed out also that Secretary Taft at that time will not have begun his campaign under the national committee so that his acceptance of the Dick invitation was entirely upon his own responsibility, and his appearance at Warren will be also. This means that the national committee disowns the Ohio opening. The committee is deeply offended at the independence exhibited by Dick and Malloy, but the President and Senator Foraker have received due notice that when the national administration wants the co-operation of the Republican organization in Ohio it must apply at Dick headquarters. With a wise man in the White House this situation would have an important bearing on the distribution of federal patronage in this state; but there are those who assert that it is of no use, because Foraker and Roosevelt are so closely allied that not even the instinct of self-preservation would induce the President to turn to Dick for anything.

All who pay their subscription in advance will be entitled to make estimates on the Licking county vote, \$500 in prizes. See announcement in another column.

Prominent Financier for Parker.

Mr. Spencer Trask, head of the big New York banking house bearing his name, and who supported Mr. McKinley in the two previous Presidential elections, announces that he will support Judge Parker in the present campaign.

In an interview in the New York Herald, September 1, Mr. Trask says: "While President Roosevelt has been much more subdued and very quiet for the last two months, there is no telling when he will break out again, particularly if he should be elected for a full term of four years. In my opinion this is not the time to take chances. The personalities of the two candidates are before us, and we must judge them by the past. I do not think there can be any question that Judge Parker is a much safer man than President Roosevelt. Judge Parker has at all times shown a disposition to be calm and deliberative, to observe the law and the Constitution instead of his own personal desires. President Roosevelt's course on the other hand, has always shown a tendency toward recklessness and a disregard of law."

ORATORS

FOR DEMOCRATIC CAMPAIGN IN OHIO AND INDIANA.

Judge Parker Will Not Take the Stump—Mr. Davis May Speak In Ohio.

Columbus Sept. 17.—The understanding at Democratic state headquarters is that Judge Parker will not appear at all upon the stump in the present campaign, so that plans for the speaking campaign with reference to orders from outside the state will be made regardless of the presidential candidate for the first time in many years. Not since the civil war has a Democratic candidate for president, who was not an incumbent of that office, failed to make at least some semblance of a campaign tour.

This year however, President Roosevelt is eliminated from the speaking campaign on the Republican side, just as the President was on the Democratic side in 1888. The conditions this year leave both parties on an equality with reference to oratorical work. As a rule experienced politicians commend Judge Parker's determination not to take the stump. This course has the approval of leading Democrats in all the doubtful states and Republicans also concede that it is the part of wisdom.

At the Democratic State headquarters the question of orators for Ohio, native and foreign, is uppermost, and a list is being prepared to be submitted to the executive committee. A promise has been given from national headquarters that some of the best oratorical talent of the party from other states will be at the disposal of the Ohio committee, and it is expected that Towne, Bryan, Cochran and others of that rank will be among the list. Ex-Senator Davis, the Democratic candidate for vice president will also be heard in the state, probably in one formal speech, but certainly in a series of short campaign talks delivered in a swing around the circle in Buckeyedom.

The Indiana campaign will lap over into Ohio, and nearly all the more prominent speakers who give extended time to the Hoosier state will be heard here. There is no doubt that the campaign in Indiana will otherwise influence that in Ohio. The Republicans fully appreciate the imminent danger attending their interests in the Hoosier state and will tap their resources to the uttermost in defending their alleged title to its electoral vote. The latest reports from there, some of which are brought personally by Ohioans who have studied the situation from Indianapolis, are distinctly encouraging to the followers of the St. Louis ticket and platform. All the big guns of the Democracy will be trained on Indiana to carry it by assault, and the campaign will witness in that state perhaps the most perfect political organization ever attempted anywhere. The Democrats are exceedingly confident and the Republicans equally despondent about New York and other Eastern states.

An adjourned meeting of the Ohio Democratic Editorial Association will be held at the Hotel Hartman in this city September 22, when plans for the journalistic end of the campaign will be elaborated. It is expected that State issues will be kept to the front, notwithstanding this is a presidential year. The Democratic press of the State will try to see to it that the people are not permitted to forget the iniquitous record of the last Republican general assembly and the blunders of the Herrick administration.

THE INFIRMARY

Things That Have Been Raised at This Institution During the Past Year.

The raising of grain, and food supplies at the Licking County Infirmary is one of the necessary things in connection with this institution, also the raising of hogs and cattle. Here are a few of the things that have been raised this year to supply the institution and its inmates during the winter. 400 bushels wheat, 400 bushels oats, 450 bushels of potatoes, 1,500 bushels of corn, 30 tons of hay, 5,000 heads of cabbage 15 bushels of onions 16 bushels of beets, 25 bushels of beans, 50 bushels tomatoes and 20 bushels of turnips. There is a small falling off in the apple crop, but several bushels of apples will be dried. One hundred gallons of butter have been made and there is enough left

for winter use. Great progress has been made in the raising of hogs in the last two years, and sixty of the largest ones will be killed for the yearly supply, besides a number of beavers.

The Licking County Infirmary, under its present management, is one of the best institutions of the kind in Ohio. Mr. Cephus Harter, the Superintendent and his estimable wife who is the matron, are the right persons in the right place, and the unfortunate poor of the county are being well cared for by them.

ANNIVERSARY

OF MR. AND MRS. JOHN MITCHELL MARRIED 63 YEARS AGO.

About 150 Friends and Relatives Met Friday at Mitchell Home, Near Hartford.

One of the most remarkable and unusual events that has ever occurred in modern life, took place on Friday at the beautiful country home of Mr. and Mrs. John Mitchell, three miles southeast of Hartford, this county. The occasion was the celebration of the sixty-third anniversary of the marriage of Mr. and Mrs. Mitchell. Golden weddings are rare enough, but when it comes to the celebration of the sixty-third wedding anniversary it is certainly most remarkable.

The day was propitious, and the large crowd, numbering about 150 relatives and friends, assembled at the hospitable and beautiful Mitchell home to do honor to the venerable couple and congratulate them on their remarkable and happy anniversary.

The venerable bride and groom, although well up in the eighties, were the happiest and most youthful appearing of all the crowd assembled in comparison with their age. No one stands higher in the community in which they live than do "Uncle" John Mitchell, his wife and family, and the congratulations they received Friday were heartfelt and sincere.

At noon a delicious and bountiful dinner was served on long tables spread beneath the branches of the old oak trees that form a grove around the Mitchell home. Over one hundred sat down to the first tables and the tables were partly filled again before the wants of the inner man were satisfied.

At the conclusion of the feast the assemblage was called to order and Mr. Jehiel Tedrick as chairman, introduced Judge E. M. P. Brister as the first speaker of the day. Judge Brister responded in a speech appropriate to the occasion, in which he gave a succinct history of the venerable couple and family, and feelingly alluded to the many thoughts and sentiments suggested by the occasion.

Prof. C. L. Riley followed next with some happy and feeling remarks that produced a deep impression on all.

Mr. W. A. Ashbrook, editor of the Johnstown Independent, closed the speaking with a few appropriate remarks.

All present then united in singing, "God be With You Till We Meet Again." Following is a brief summary of the lives of this remarkable couple.

John Mitchell was born in Bennington township, Licking county, June 17, 1817, and is consequently in the 88th year of his age. He remembers distinctly the great Bennington storm or cyclone that passed over Bennington township when he was a boy 8 years old, leveling the great trees as a sharp scythe levels the grain.

Mariah Wilson, now Mrs. John Mitchell, was born in Muskingum county, May 26, 1819, being now in the 86th year of her age. Her parents removed to Lock, Knox county, where she was married to Mr. Mitchell. The wedding took place September 16, 1841, at the home of her parents, near Lock and the ceremony was performed in the presence of a few friends by the Rev. Mr. Beardsley, who, together with the most of the company assembled then, have long since passed away.

Immediately after their marriage the young couple went to housekeeping in a log cabin, near Chatham, this county, where they lived for several years. Then for a short time they lived near Lock, Knox county, but the greater part of their lives have been spent in Licking county. Forty-six years ago Mr. Mitchell purchased the beautiful farm where he now resides, near Hartford, and where he and his family have lived ever since. Eight children, seven sons and one daughter, were the fruit of this happy union, as follows: Messrs. William, Frank, Newton, Jerome, Ezra, Hayes, Eber and Sarah. Of these three have passed away to the better world. William, Frank and Jerome Mitchell, Hayes Mitchell lives in Nebraska and Eber in California. Sarah Mitchell the daughter, resides at home, the cheer and comfort of her aged parents in their declining years. There are also eight grandchildren living. Three of the children, Newton, Ezra and Sarah Mitchell, with some of the grandchildren, were present at the anniversary on Friday.

The entire occasion was a most delightful one, thoroughly enjoyed by all, and it was with the greatest reluctance that the pleasant company at last separated, wishing the venerable bride and groom many more returns of their wedding anniversary.

FINE SILICA SAND.

Messrs. Hill and Paden, living near Black Run, have 118 acres of fine silica sand of an average purity of 92 1/2 to 95 3/4 per cent. The vein is 1 1/2 feet thick. They are establishing a plant one and a quarter miles from the Panhandle railroad, which will employ 100 men. The company is now engaged in constructing a side-track to the plant. S. J. Prudea, a member of the firm, is in the city exhibiting the quality and the fineness of the material.

Samuel Hopkins in 1790 took out the first American patent. It secured him the right to make potash.

PIPE LINE

FROM THE OTSEGO OIL FIELD TO NEW CONCORD

Will Carry From 500 to 700 Barrels of Oil a Day—Field is Very Promising.

Otsego, O., Sept. 17.—The survey has been nearly completed by the Standard Oil company for the two-inch line from the Otsego oil fields to New Concord, and construction work will begin immediately upon its completion. At New Concord, large storage tanks will be built on convenient hills to give a gravity feed to the tank cars. There are already several thousand gallons of oil in tank storage on the field, and the quantity is being increased daily.

The exact length of the proposed pipe line is 48,922 feet and costs eight cents per foot, while the average cost for right of way is 10 cents per rod. The pipe will carry from 500 to 700 barrels per day.

The field continues to make a good showing, and several late wells are giving encouraging results.

The Barborton company are drilling their No. 2 well on the Hamilton farm. Their first was one of the best in the field.

The DeGoller, Baxter & Co. well was drilled in on the Low farm, Tuesday, and has a good showing of oil, but has not yet been shot.

The Cushman Oil & Gas Co. made another location on the Decatur Waters farm.

The Advocate offers \$500 in cash and prizes for the best estimates on the total vote in Licking county at the November election. It costs nothing to participate. In Wake of the Storm.

Boston, Sept. 17.—Reports of additional wrecks and damaged vessels which encountered the recent hurricane have been received. The steamer Oliveette brought in the crew of the lumber-laden schooner Georgie D. Loud, which became disabled at sea and was set on fire before being abandoned. The schooner Emily F. Swift, bound from Calais, Me., to this city with lumber, was wrecked on outer Black island. The crew was taken off by the Lifesaver. A number of coasting vessels arrived at Vineyard Haven and reported that they had sustained more or less damage in the storm.

Knights of Labor Trouble.

Washington, Sept. 17.—The factional fight in the Knights of Labor again appeared in court when a petition was filed in the district supreme court by Simon Burns and others against John W. Hayes and others, alleging disregard of the court's recent decision in favor of the former, and asking that the defendants be adjudged in contempt of court and made to pay penalty. The court immediately issued an order requiring the defendants to show cause why they should not be adjudged in contempt.

Mexican War Veterans.

St. Louis, Sept. 17.—The Mexican War Veterans' association, which has been in convention in this city, was entertained at the Texas pavilion. The feature of the program of exercises arranged in honor of the veterans was a characteristic address by "Private" John Allen of Mississippi.

Army Transport Arrives.

San Francisco, Sept. 17.—The United States army transport Sherman arrived here from Manila via Nagasaki and Honolulu. She brought a number of cabin passengers and over 300 troops returning from the Philippines. Veterinary Surgeon W. E. Payne died during the voyage.

Alleged Train Robbers.

Vancouver, B. C., Sept. 17.—A message from Wooley, Wash., says that three men answering the description of the Canadian Pacific train robbers have been arrested there. The men will be held until officers of the search party arrive.

THE NEWS OF GRANVILLE

PROF. CLARENCE L. HERRICK

Former member of Denison University's faculty, who died Thursday in New Mexico. Prof. Herrick, as the founder of the Journal of Comparative Neurology, had a world wide reputation as a scientist.

Granville, O., Sept. 17.—In chapel at Denison on Friday Dr. Francis W. Shearson of the University of Chicago gave a very interesting talk, taking for his subject "Faith, Hope and Charity." Dr. Shearson said that the student must have Faith, and that Faith would bring about Hope, but that no student's character would be quite complete until he learned to have charity, which after all, was the greatest and most important. Dr. Shearson alluded to the beautiful endowments of nature surrounding Granville and of the uplifting, encouraging influence which seemed to be exerted by the lofty heights surrounding the village. Dr. Shearson's address was very helpful and interesting.

William McGaw, a well known carpenter of this place, had the misfortune to meet with an accident on Friday by which he was badly injured. He was engaged in roofing the house of Fred W. Gish, when he slipped and fell off, falling a distance of about 15 feet. In falling he alighted on his feet, and both ankles were sprained besides being otherwise injured.

Dr. G. E. Leonard of Norwalk, arrived in the village on Saturday to visit friends.

Thomas Trevor was in town on Saturday shaking hands with old friends.

Dr. C. J. Herrick left for St. Louis on Friday to attend the convention of Arts and Sciences, and also the World's Fair.

Lee Leahy of Columbus, was the guest of his Phi Gamma brothers several days this week.

The members of the Young Women's Christian Association of Shearson college, gave a very enjoyable reception for the new girls in King Hall on Friday evening.

The Y. M. C. A. entertained all the new boys at a reception in Cicero and living halls on Friday evening.

Mr. I. A. Field, who attended Harvard last year, and who is endeavoring to solve the dog fish problem at Woods Hole, Mass., is visiting in the village, the guest of his parents.

The news of the death of Prof. Clarence L. Herrick in New Mexico, published in yesterday's Advocate, was received with deep regret here. Prof. Herrick was one of God's nobler men.

JOHN STRANGE WINTER A PROLIFIC WRITER.

John Strange Winter, although a most prolific writer of fiction, will always be remembered as the author of that amusing conception, "Boots' Baby," which enjoyed great popularity as a play. In private life she is Mrs. Arthur Stannard. She has been writing since 1871 and lives in London.

THE STODDARD LECTURES.
Letter No. 5.

Hon. Chas. W. Seward—Licking County Common Pleas court, Newark, O. I am the owner of a set of The Stoddard Lectures, and cannot too highly recommend them to any lover of books. A library would, in my estimation, be incomplete without this set of books.

Very Truly Yours,

CHAS. W. SEWARD.

NOTE—More than 40 of Ohio's Judges and nearly 400 members of the bar are owners of the Stoddard Lectures. The work appeals to a lawyer for it fills one whole department in his literary library and brings with it that broad culture which world-wide travel always furnishes.

Then many lawyers find in Stoddard an inexhaustible fund of illustrations to draw upon in public speaking, for no set of books is richer in this material so necessary for men who talk in public. Again the HOME is made attractive to all the family by the companionship of this great lecturer and traveler. Pure English is found in every sentence, thus inculcating the habit of using our Mother tongue correctly.

The new 1904 edition of Stoddard is surely a rich and rare production and the terms are placed within the reach of us all. Watch—wait—listen—read. Letter No. 6 Monday.

UNITED CENTER.
That the county surrounding Union Center has been settled is a fact. There is a farm of 160 acres on which there has been three cabins and the traces of countless number almost can be seen. The history of the county around Union Center can be read by visiting the Gaffield cemetery and reading the inscriptions on the slabs. The principal nationality settling here were the sturdy Welsh, who converted the wilderness into thriving farms and building churches and school houses, which remain as a monument to their memory although they have been dead nearly three-quarters of a century. Mr. C. M. Bolby, who has been spending a few weeks with his mother in Kansas, returned home Friday evening. On his way home he stopped at St. Louis for the fair. He had the pleasure of seeing the parade of the M. W. O. A., which he said was far ahead of anything of its kind. Ellis Porterfield, who has been spending the summer with Charles Wintermute, returned to his home in Newark one day last week. W. J. Evans has commenced his first term in high school at Granville. Mrs. John Miller and son, Karl of Marietta, returned to their home Monday after a two weeks' visit with friends of this place. Mr. and Mrs. Vernon Swope of Columbus, called on Frank Thomas and family, Tuesday evening. Mr. Scott Wilson will remove his family here from Granville next week. Miss Pearl Shaffer of Granville, commenced an eight months' term of school in the Wesleyan district, Monday. J. W. Thrap of Pataskala, has commenced baling hay for Murray Bowley. R. H. Evans and son, Walter, spent one day of last week in Newark. Mrs. Denn and son, Elmer, of Marysville, are spending a few days of this week with friends here. Miss Jones of Newark, is spending this week with Mr. and Mrs. Frank Thomas. Miss Zola Rags of Outville, spent Wednesday with her grandparents, Mr. and Mrs. L. C. Nichols. The railway traveler in Japan buys a first, second or third class ticket; or if he wishes to go cheaper still, he can get a ticket entitling him simply to stand on the platform. Many of the cars can be entered either from the side or the end.

Suit For Divorce.
Catharine Reilly, by her attorney, B. R. Nott, has commenced suit for divorce from William J. Reilly in pro hac court. The parties were married July 1, 1891, in Liberty, Ind. Reilly charged her husband with gross neglect of duty in refusing to provide for her. She says that she kept a boarding house in Hamilton, and that the defendant compelled her to support him. She also charges her husband with extreme cruelty.

The Australian Government has organized an expedition to explore the region between Lake Eyre and the boundary of Queensland. This is said to be of the worst deserts in the world.
FEARFUL ODDS AGAINST HIM.
Red-ridden, alone and destitute. Such, in brief, was the condition of an old soldier by name of J. J. Havens, Versailles, O. For years he was troubled with kidney disease and neither doctors nor medicines gave him relief. At length he tried Eclectic Bitters. It put him on his feet in short order and now he testifies: "I'm on the road to complete recovery." Best on earth for liver and kidney troubles and all forms of stomach and bowel complaints. Only 50c. Guaranteed by Frank D. Hall, druggist.

Trials of Motherhood
335 Broad Street, PHILADELPHIA, PA., June 12, 1903.
I suffered for nine years with ovarian troubles making life a burden to myself as well as to my family. During that time I had two miscarriages and although we longed for a child to bless our home this seemed impossible. I had constant racking bearing-down pains in the pelvic organs and a pulling through my limbs with frequent headaches. I felt sick at my stomach and vomited frequently and no medicine helped me until I tried Wine of Cardui.
Then my general health improved, the pains gradually lessened and after 18 weeks I was well. I am now the happy mother of a boy eighteen months old and my husband joins me in sending heartfelt thanks to you for your splendid medicine.
Without it I would have been a childless, instead of a happy and well mother.
Mrs. Frederick Nirdlinger
CHAPLAIN, ST. ANDREW'S ASSOCIATION.
WINE OF CARDUI
Wine of Cardui is the most successful menstrual regulator. By regulating menstruation, Wine of Cardui banishes inflammation from the entire female organism and the strengthened ligaments bring the organs back to their proper place. This is what Wine of Cardui did for Mrs. Nirdlinger. It banished the racking pains and burning inflammation and brought her relief. She was restored to health and strength and gives Wine of Cardui the credit of making her able to become a happy mother. This medicine equips a woman for every duty of wifehood and motherhood. There are many suffering women who think that health can never be theirs because they cannot secure the services of a great specialist, but we want to say right here that while Mrs. Nirdlinger lives in Philadelphia, a great medical center, she depended on Wine of Cardui for a cure and she was cured. This same medicine is within your reach. Will you take it?
All druggists sell \$1.00 bottles Wine of Cardui.

NEWBRO'S HERPICIDE

THE ORIGINAL REMEDY THAT "KILLS THE DANDRUFF GERM."

SCHOOL CHILDREN.

Every school child should know that BALDNESS IS A CONTAGIOUS DISEASE, CAUSED BY A MICROBE. Prof. Uina, of Hamburg, Germany, discovered that dandruff, itching scalp, falling hair, and final baldness are produced by a germ or microbe that passes from one head to another, where it burrows into the scalp and by multiplying and extending deeper and deeper into the hair follicles, saps the life of the hair root and produces baldness.

IT TAKES YEARS

to produce complete baldness, for the action of the dandruff microbe is not constant in every case. It is governed by predisposition, by the state of health, by environment but particularly by the endeavor made to combat the growth and development of the dandruff microbes, which can only be destroyed with Newbro's Herpicide.

This new antiseptic scalp germicide is past the experimental stage. It was made to destroy the germ that causes dandruff and falling hair, and by coaxing energy back into the impoverished bulbs, it enables the hair to grow naturally and luxuriantly. Thousands of letters from physicians, clergymen and laymen tell the same story of its wonderful success.

AN IDEAL HAIR DRESSING.

It is fortunate for those who understand the new rules for scalp cleanliness that the antiseptic qualities of Newbro's Herpicide make it the most delightful and refreshing hair dressing imaginable. Chronic baldness is curable; save your hair, while you have hair to save.

A PERFECT HAIR DRESSING.

"I have used Herpicide on my own head and find it a perfect dressing in cleansing and removing all dandruff."

WHISKEY STRAIGHT FROM UNCLE SAM'S HANDS.

Why and How the Government Guarantees the Age and Purity

OF EDGEWOOD BOTTLED IN BOND.

Congress Comes to the Rescue of Consumers Who Want a Really Pure, Good, Old Whiskey.

It is a notorious fact that the consumption of crude spirits, masquerading as whiskey, is injurious to health. Doctors frequently recommend whiskey taken in moderation as a wholesome beverage, medicinally valuable; but what they intend to prescribe is, of course, a pure, well-matured whiskey and not a more or less injurious imitation of the genuine article.

DOESN'T SEEM FAIR.

United States Internal Revenue Collector Bernard Betmann, in an interview published in a recent issue of the Cincinnati Times-Star said: "There are distillers who make good whiskey and who age their product by the natural method, waiting from five to seven years for the result. It does not seem fair that the goods of this man should be brought into competition with those of a reefer who takes the very spirits just as they come from the still, colors and flavors these spirits and bottles the stuff in packages bearing labels which guarantee the contents to be genuine five-year-old whiskey when it may not really be a week old, and not whiskey at all."

A UNIQUE GOVERNMENT LAW.

But how is the consumer to distinguish the good from the bad, you ask.

Don't you know you can buy an absolutely straight, pure, undiluted whiskey and get a guarantee from the United States Government to that effect? It is a fact.

"EDGEWOOD" IS THE BRAND.

Uncle Sam does not put his stamp of approval on many products, but whiskey bottled in bond under the supervision of his United States storekeepers bears over the cork a little green stamp, which is printed in the United States Bureau of Printing and Engraving where greenbacks and gold certificates are made. "Edgewood" bears this stamp.

The Government protects you against counterfeit money, and counterfeit whiskey in the same manner.

"Edgewood" is genuine whiskey. From the time the grain is weighed by the Government storekeeper and put in the still, it is never for a moment free from Government supervision and control, until it is tax-paid and shipped

from the United States bonded warehouse. The opening in the mash tubs and fermenters are locked with Government keys.

There are distillers who make good whiskey and who age their product by the natural method, waiting from five to seven years for the result. It does not seem fair that the goods of this man should be brought into competition with those of a reefer who takes the very spirits just as they come from the still, colors and flavors these spirits and bottles the stuff in packages bearing labels which guarantee the contents to be genuine five-year-old whiskey when it may not really be a week old, and not whiskey at all."

ment looks for which the storekeeper carries the keys. When the whiskey comes from the still the storekeeper draws it off into barrels in the bonded warehouse, to which he also carries the keys.

HOW STORED.

"Edgewood" is stored in selected white oak barrels here the whiskey remains, while maturing, exclusively under the Government control. The distiller himself not being permitted to enter his own warehouse unless with the permission of, and in the presence of, the United States storekeeper.

After the whiskey has been maturing for four years or more, the distiller must make application to bottle it and must specify the size of the bottles, number to be put into each case, etc., whereupon the Secretary of the Treasury orders stamps printed. The whiskey is then bottled under the eye of the storekeeper who supervises the putting on of the stamps, after which the bottles are put into the cases and may be removed from the warehouse.

It is thus seen how jealous Uncle Sam is concerning the care of whiskey, owing to the fact that it has never left

his control, he guarantees to the public by the little green stamp that the whiskey in the bottle bearing it is pure and free from adulteration, of one hundred per cent. proof, and not less than four years old.

THE GOVERNMENT STAMP SHOWS:

1st. The date of distillation.
2nd. The name of the distiller.
3rd. The number of the distillery.
4th. The state and district where it is located.
5th. The proof of the whiskey.
6th. The quantity in the bottle.
7th. The date it was bottled.

ONE OF THE EARLIEST SETTLERS.

Edgewood is one of the oldest brands as well as the best whiskey made in the State of Kentucky. The grain used is carefully culled. The water is furnished by the Old Elm Tree Spring, a bubbling fountain of cold, clear water that slaked the thirst of Daniel Boone and his companions in the early days of Kentucky.

AN OLD-FASHIONED SOUR MASH.

The distilling is done according to the old-fashioned Sour Mash process, the fermentation lasting ninety-six hours, and when the whiskey comes from the still in a limpid, crystal stream, it is drawn off into barrels that have previously been charred on the inside, in order that as it matures, the charcoal may purify it by absorption of any deleterious qualities. This charred lining to the barrel also gives to Edgewood its beautiful amber color.

WAREHOUSE HEATED BY STEAM.

Edgewood whiskey is cared for like a rare flower or plant, and watched at every stage of its development. The warehouses are kept at summer heat all through the winter months. They are dry and clean. The fresh air is continuously circulated through them by a complete fan system, in order that the last vestige of impurities thrown off through the pores of the barrel may be taken up and carried away. The child of a found parent receives no better attention or more watchful care than Edgewood whiskey. That is why it is the best whiskey made and why it is pure and wholesome. It is the kind of a stimulant you would give to your family in case of sickness, confident that it is free from any injurious elements and is perfect as the most solicited care can make it.

HONORED AT THE WORLD'S FAIR.

Owing to its purity and excellent quality, Edgewood was selected as an example of a whiskey free from adulteration, and as such is now on display in the National Pure Food Exhibit, at the St. Louis World's Fair.

The Bottled-in-Bond Act was passed by Congress and allows distillers to bottle under Government supervision, straight whiskey in bond not less than four years old. The United States Government prints the stamps and affixes them to the bottle, and thus guarantees that you get a pure, straight whiskey at least four years old, and one hundred proof.

Ask your dealer for "Edgewood"—Bottled in Bond, and ascertain that the stamp is intact. If your dealer doesn't keep it, write us and we will see that you are supplied.

BECKEL

WAS HIT HARD AT ZANESVILLE TUESDAY.

And the Moguls Had No Difficulty In Winning the Game 7 to 4.

Beckel was batted to all corners of the lot at Zanesville Friday afternoon, and the Moguls defeated Idlewildie with ease. They got 16 hits, including three two-baggers, three three-sackers and a home run. In the field however, Zanesville was away off and made six errors, while Idlewildie played an errorless game. They could not hit Turner, however, and that tells the story. The score:

PRELIMINARY HEARING

Of Edward Lemmer, Leonard Lohrman and Samuel Taylor Before Acting Mayor Harry Rossel Drew
a Large Number of People Saturday—
The Testimony.

The preliminary hearing of Ed Lemmer, Leonard Lohrman, and Samuel Taylor, who are charged with manslaughter, was called before acting mayor Harry Rossel Saturday morning at 9:50 o'clock. The court room was crowded to suffocation, the hearing having aroused considerable interest throughout the city. The hearing was set for 9 o'clock but a delay was occasioned by the failure of Attorney B. G. Smythe to get into court. It was announced that Mr. Smythe was in Columbus, and it was agreed that Attorney Joseph Horner should represent Mr. Smythe's client Edward Lemmer, and the hearing proceeded. Attorney J. B. Jones appeared for Taylor.

The witnesses for the State were called and sworn and a separation was asked for and granted.

Mrs. Frank Jennings, who lives on Wilson street, near the McKinley saloon, was the first witness called by Prosecutor Fitzgibbon. She testified that she was awakened by the fight on Tuesday night, in which James Connell was killed, and she saw Lemmer pick up a piece of scuffling and toss it at Connell. It struck him and he fell. Lemmer helped to pick the prostrate man up and put him on his feet.

Cross examined by Mr. Jones, Mrs. Jennings said that Taylor finally took Connell down the alley, but came back and knocked Lohrman down. Taylor then ran after Connell, Taylor did nothing toward injuring Connell, but instead, seemed to be Connell's partner.

A cross examination by Mr. Horner developed nothing new.

Frank Jennings was the next witness. His testimony was practically the same as that of his wife. Mr. Jones had no questions and Mr. Horner's cross examination brought out nothing new.

Mrs. Laura McFarland, who lives

next door to the McKinley saloon on Wilson street, testified that she saw Connell go into the alley and get some brick bats, which he began throwing at Lemmer, who was between 10 and 15 feet away from him at the time Connell said: "You big s—, I'll get you." One of the bricks hit Lemmer and he then picked up the stick and threw it at Connell. Connell fell and Lemmer and Taylor went to him and tried to pick him up. They finally got him up and Taylor took him away. Taylor then came back and hit Lohrman, knocking him down. Taylor then ran south down the alley.

George McFarland gave the same testimony as his wife, with hardly any variation.

George Jackson who lives in the rear of McKinley's saloon, was the next witness. He heard Connell pass his window on the alley, saying: "I'll get a brick." He then repassed the window going toward the street.

W. M. Snyder, who lives in the same house as McFarland, was the last witness called by the State.

The State here rested and court adjourned till 1:30 in the afternoon.

The hearing was continued at 1:30. Attorneys Jones and Horner, for the defense, told the court that they had no witnesses. Attorney Jones made the point that the testimony adduced by the state did not implicate Taylor in any way with any injury suffered by Connell, and the only charge that could be made against Taylor would be assault and battery on Lohrman, and the affidavit before the court made no such charge. If Taylor did not aid in killing Connell as charged in the affidavit, he should be discharged, and allowed to go free.

Mayor Rossel then rendered his decision, saying the state had failed to make out its cases against Taylor and Lohrman and they were discharged. Lemmer was bound over to the grand jury in the sum of \$1,000, just half of the first bond.

Edward Lemmer late this afternoon gave a \$1,000 bond signed by himself as principal, William Graef, and Jos. R. Moser as sureties.

GEORGE RYAN.
The many friends of Mr. J. F. Ryan, the well known commission merchant, of the Stasel block, on South Second street, this city, will regret to learn of the death of his only son, George Ryan, aged 23, which occurred at the home of his grandmother, Mrs. Mary Brooker in Zanesville on Thursday night after an illness of several weeks with typhoid fever.

MRS. STULL'S UNCLE.
Mrs. D. C. Stull of Granville street, was called to Mt. Vernon, Ohio, by the sad death of her uncle, Mr. Alex. Skeen.

Thanks of Mr. Huston and Family.

Editor Advocate:—Through the columns of your paper, the parents of Clarence L. Huston and his family, desire to return sincere thanks to Local Barbers' Union No. 114, and especially to the Rev. Mr. Van Fossen, Mr. Henry Jeckne, Mrs. Cosgrove, and their families, the employees of the U. S. Pension office at Columbus, and many other kind friends for the manifest expressions of sympathy conveyed personally and through beautiful floral tributes in the hour of bereavement. Such expressions of earnest condolence in time of trial touches a tender chord in the hearts of the suffering and as all must know, largely alleviates the pangs of sorrow and distress in the loss of a dear son, a loving husband and father to wife and children. Respectfully,
MR. AND MRS. JOS. J. HUSTON.

Shot Four and Killed Himself.
Ashland, Ore., Sept. 17.—O. E. Munroe, a young man employed as laborer in the street department here, went to his wife's residence and deliberately shot his wife, her mother, Mrs. Dunlap; his wife's sister, Mrs. Garner; his own little child, and then shot himself, dying instantly. The child is reported dying. Mrs. Garner is seriously wounded. Munroe's wife and Mrs. Dunlap were not seriously injured, receiving only flesh wounds. Munroe's wife had instituted divorce proceedings against him and sued for the possession of their child.

Lecture Tonight.

K. Morimoto lectures tonight on the Russo-Japanese war and Japan.

He is a relative of one of the admirals in the Japanese navy. Many of his relatives are learned men of wide renown. The name itself—Morimoto—translated means "Forest of Books." His weekly mail from the East is filled with personal letters, newspapers and illustrated magazines, which keep him abreast of the current events which are being so startlingly enacted over there, and therefore he is in possession of information and details which no Japanese censor would permit to be sent out. His uncle, Rear Admiral Takamatsu, is one of his regular correspondents.

That part of the lecture dealing with the War is based upon this first-hand knowledge and is fresh and thoroughly up to date.

At the First Presbyterian church tonight at 8 o'clock.

AL RIVERS

WOUNDED BANK ROBBER WILL RECOVER.

When Pressed He Told of the Hiding Place of Dynamite Stolen From a Store.

Coshocton, O., Sept. 17.—Alva Rivers, the wounded Warsaw bank robber, will live. That is the opinion of Dr. Marshall.

Rivers has told of the hiding place of the dynamite stolen from the Gray hardware company's magazine, and it has been recovered. He denied that they had stolen the 23 kegs of gunpowder. He admitted taking the 200 sticks of dynamite.

Dr. Marshall was largely instrumental in securing the confession. He told Rivers of the danger that lurked in the stiff should children find it in playing, and innocently shoot it off or let it fall.

Alva Rivers was not bitter toward the one whom he suspected of betraying him nor to the ones who shot him down. "I forgive them," he murmured again and again.

"They left me lying there for 15 or 20 minutes," he said, "before a one of them offered to help me and they even threatened to shoot me again after I was down because I would not stand up and throw up my hands. In all that crowd there was not one man besides the doctor who showed any sympathy for me at all." But, said he, lowering his tone again, "I forgive them, too. If there is any hereafter, there may be some justice for me there, if I can't get it here."

WOMAN'S SYMPATHY

Is Proverbial—Newark Women No Exception.

How much we owe to the sympathetic side of womankind. When others suffer they cheerfully lend a helping hand. They tell you the means which brought relief to them that you may profit by their experience. Read the testimony given here by a Newark woman:

Mrs. B. Donahue, 218 North Fifth street, says: "For quite a long time my kidneys were very much affected and I had a heavy feeling across the lower part of my abdomen, which made me miserable. Pain across the small of my back was often so acute that I was hardly able to move around and a distressing and annoying urinary weakness accompanied it. A friend of mine, whom by using Doan's Kidney Pills, have been cured of backache, advised me to try them. I took the advice and obtained a box at Crayton's drug store. First the kidneys were stimulated to a healthy and natural action, then the backache and general feeling of depression left me." For sale by all dealers. Price 50c. ALEX SKEEN

Uncle of Mrs. D. C. Stull, of Newark,
Died Friday at his Home in
Knox County.

Mt. Vernon, O., Sept. 17.—Alexander E. Skeen of Monroe township, Knox county, died Friday morning, of dropsy, at the home of his nephew, Mr. Orville Skeen, a half mile from town on the Wooster road. The deceased, who was about 76 years of age, was born in Monroe township, and was a successful farmer. His wife and their only child, a daughter, Mrs. Harry Young, are dead, but the latter's daughter, Viola, survives. For years Mr. Skeen lived alone in his farm house in Monroe township, devoting himself to his books, his trees, his curiosities and his pets. He was a remarkable man in many respects, and it was a pleasure and instruction to visit him and converse with him. He has been seriously ill since last May, and was cared for by his nephew and family. The deceased was a member of Mt. Zion lodge, No. 9, F. and A. M., and was buried with Masonic honors, today. Mrs. D. C. Stull of Newark, was a niece of the deceased.

A FACT PROVEN.

Should Convince Even the Most Skeptical of its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit inoculated with the germs became bald in six weeks' time. It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.
